

The RIGHT Horse

We know the breed, the breeders and the breed standards. H.O.P.E. members choose and use the best bloodlines and stay true to the requirements and standards of the breed. Your new purebred Haflinger will have a pedigree traceable to the horse's European roots. Our members know what the best is and we breed for it.

All H.O.P.E. members agree to honestly represent the horse's talents, personality and abilities. We know our own horses and it is to our best advantage to sell them to the right home, not necessarily the highest bidder. We believe that taking care of clients means possible future referrals, and is the best way to ensure our horses find the right homes.

How to Get Started

1. Visit www.haflingerhope.com to learn more about this wonderful breed
2. Find a H.O.P.E. member farm near you
3. Visit with the farm owner
4. Buy your first (or next) Haflinger

Haflinger Owners Promotional Enterprise H.O.P.E.

Haflinger owners, breeders and enthusiasts working cooperatively to educate, promote, and support the preservation of the Haflinger horse as a versatile sport horse capable of excelling in a wide variety of traditional equine performance disciplines including dressage, hunter/jumper, combined driving, reining, combined training and pleasure driving.

Why a Haflinger

The Haflinger Horse is one of the most versatile breeds in the world. They are used for riding as often as they are used for carriage driving; for competition as often as they are used for pleasure.

Originally bred in Austria as an all-around horse, Haflingers are renowned around the world as a wonderful combination of athleticism, beauty,

heart and calm disposition. Because they average 56" – 60" in height, they are not only a favored mount of young riders, but their intelligence and forgiving attitude make them the perfect choice for many adults as well.

Able to compete at the highest levels of equestrian sports, Haflingers are also content being pets and teachers. Whether you are looking for a competitive mount or someone to spend time with on the weekends, look no further than the Haflinger Horse ~ versatility defined.

The Exceptional Standards of H.O.P.E.

All H.O.P.E. members agree to abide by the letter and spirit of our code of ethics: a commitment to a high standard of professional behavior in sales, training and breeding this special horse. We strive to uphold training standards and non-abusive methods that result in trusting, competent and well trained horses. In short, we treat you and our horses exactly as we would like to be treated if we were the buyer.

Enjoy ongoing support from a large network of Haflinger experts – Buying from H.O.P.E. means you aren't buying from one farm – you're buying from a co-op of the country's most responsible and reputable owners and breeders. If you find the right Haflinger for you in another state, the H.O.P.E. member closest to you can also help when you get home.
